B.S. Mass Communications - Video Production

DEMO REEL

My Story

As a fan of film and television from a very early age I was determined to find a career behind the camera. This led me to pursue a degree in Mass Communications with a focus in Media Production at Southern Illinois University Edwardsville. While studying at SIUE I was able to produce, direct, and write my own short films while also volunteering on countless sets and productions that helped me hone my skills and gain hours of experience on set.
